Hello Tom,

I just left you a message on your cell regarding your request below. I need to get a little bit more information regarding your request. We had previously spoken to each other back in November when Jack introduced me on the phone as the contact on the OMS team after his retirement. It is my understanding from Dave that Jack inadvertently put the contact as Betsy Adams who was my predecessor. In order to better assist your with your request, please call me at (203) 588-7483. Thank you.

Best Regards,

Dave,

Thank you for the introduction.

Bert and John,

Thank you for the quick response. I'm working on a project and need some statistical data. I'd like to see the national numbers in doses of Oxycontin 80mg from 2008 to present; if they could be broken down by month that would be even better. Also, if available, I'd like the same information for oxycodone 30mg all vendors (if possible). I want to show the divergence after the reformulation. Any assistance would be greatly appreciated. Please forward questions. Thank you.

Regards,

Tom McDonald

Bert,

Thank you very much. What a fast response!

John, Nice to meet you and I am going to allow my friend and associate Tom to take over the conversation at this point. He has some information he needs if you have it. Thanks again all.

Dave I wish all questions were as easy and pleasant to answer!

Dave meet John – he's Director of Controlled Substances Act Compliance, among other things, with top-FBI pedigree to boot.

Bert

Subject: McKesson needs a contact for regulatory

Mr. Weinstein,

Good afternoon. I am the Director of Regulatory Compliance for the NC USA for McKesson. We have worked in partnership with Jack Crowley in the past until he retired. He gave us the name of Elizabeth "Betsy" Adams to serve as contact when he left but now her contact info does not work. We were wondering who we should talk to about matters of diversion prevention. I have copied Tom McDonald who is my counterpart with McKesson in the west.

If you have a name I would appreciate having it. Thanks for your consideration.

Regards
